House #26 Build: Progress & Next Week Calendar: Sept. 21-22

NEXT UP: **Exterior Painting**

We need a slew of volunteers to complete the outside of the house – caulking, siding completion, painting prep tapers, painters. We will be spraying the entire exterior, so join us to reach this important milestone. If you have been waiting to make a contribution, NOW IS THE TIME!

Inspections have been pulled for electric and plumbing; followed by framing.
